

SO2

Sequential Order - Item SO 2

Teaching Trial: Ages 2-5 Only

Maximum 3 Teaching Trials for each card.

Correct Responses

			A	-	-
--	--	--	---	---	---

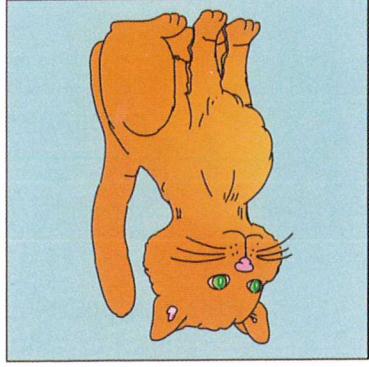

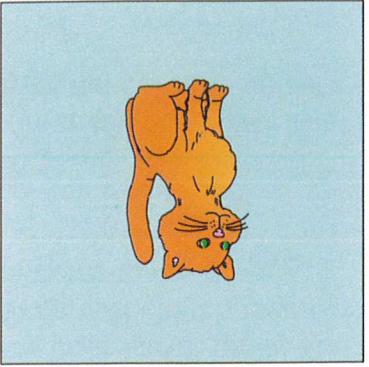

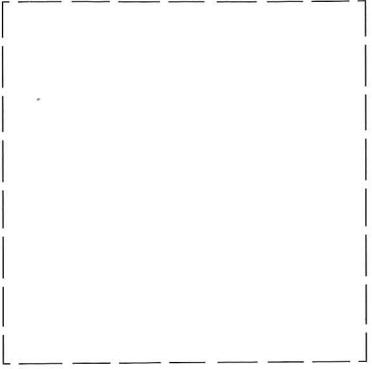

Easel Adjust easel to standard position, so card slots are fully visible.

Teaching Trial: Ages 2-5 Only

Place 2 cards, centered in front of child, in alphabetical order, from your left to right. Use pantomime, facial expressions, gestures, pointing, and a questioning manner to indicate that only 1 card belongs in the card slot beneath the empty square on easel. Child should indicate which card belongs in empty square or specific slot on Tray. Gesture back and forth to indicate that this card [A] belongs in the empty square, but the other card does not belong in empty square/slot. If child does not understand, demonstrate position on Tray where card should be placed. Gesture to emphasize concept by pointing to small square on easel and make "little" gesture; then point to medium square on easel and make "medium" gesture; finally point to empty square on easel and make "large" gesture. Motion between the 2 cards and look questioningly at child. You may place your hand gently on child's hand to assist him/her in placing card in correct slot, if necessary. If child answers correctly, smile and nod up and down to indicate child's response was correct.

Administration - Item 2

Return cards used to teach child to table, in original position, in front of child. Indicate nonverbally that he/she should independently place cards in correct Tray slots.
